

'SPORTVIEW' - Coaching Aid Camera Observation System

You will always get the full picture using HD

'SPORTVIEW' is a cost effective portable quick deployment camera observation system designed to help coaches evaluate their players performance during an entire game or whilst training.

The system uses the very latest HD camera technology and wide angle lens to provide a complete overview of your sporting activity using a single HD camera set-up.

The system provides the ideal coaching aid for many sports including football, Rugby and Tennis.

The camera is able to record in broadcast quality full 1080P HD direct to a laptop allowing future playback during training sessions and match debriefing. The recorded game can be simply played back on a laptop, large flat-screen TV or via a projector.

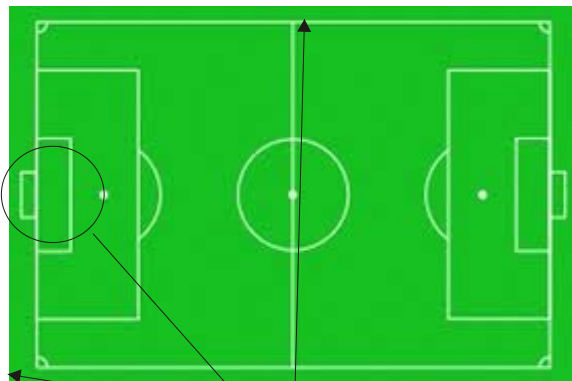

1080P Full HD

Simple setup using a Telescopic camera pole

Future proof technology
